

## Homework 2.1: [530]

[Drew Remmenga]

July 10, 2024

Exercise 3.4 (a) The runners trained more so they naturally are faster. This results in an incorrect conclusion.

Exercise 3.4 (b) In this situation since a greater number of people are found in the retirement community it is concluded that more people live in the retirement community. This is invalid since the elderly are inclined towards retirement communities.
